# Griene Tsiis

## The Name:

'Griene Tsiis' is pronounced 'Green Cheese' in our native language Frisian. Frisian is the most closely related foreign tongue to Old English, illustrated by the rhyme:

“Bûter, brea en griene tsiis; wa't dat net sizze kin is gjin oprjochte Fries”

“Butter, bread and green cheese, whoever can't say that is no true Frisian”

## Our Farm:

We are one of the only dairy farms in the USA that is USDA Organic, Animal Welfare Approved, and Certified Grass-Fed. Our A2 dairy cows graze on green pastures 365 days a year. We never use artificial fertilizers or pesticides and our cows are given herbal remedies but never antibiotics. We cultivate native grasses and the cows love this 'salad bar in the field.' Open to the public and operating with full transparency, we bottle all our milk, make cheese, and churn butter here on the farm. Our cream-top milk is minimally processed to maintain its natural goodness and delicious flavor.

## Cheese Care:

Open and bring to room temperature for at least an hour before enjoying.
